

RackLock DigiTUBEs

Introducing the latest design for disposable digestion tubes

- * Allows one-handed closure of screw cap digestion tubes
- * Permits dilution to volume and tube closure in an easy two-handed operation
- * Saves sample preparation time
- * Accurate 50 ml & 100ml graduations meeting Class A specifications for dilutions
- * Ultra low leachable metal content to avoid metal contamination
- * Leak-free screw cap to prevent spills
- * Used with *DigiPREP* systems, or with other digestion systems using RackLock Racks

The revolutionary DigiTUBE replaces:

- * Volumetric flasks
- * Graduated cylinders
- * Autosampler tubes
- * Storage containers
- * Digestion tubes

This single use, all-in-one universal vessel saves time, money, and eliminates the need to stock 5 different vessels!

Also Available for the Cleanroom

DigiTUBEs are available in shrinkwrap packaging to ensure minimum contamination from storage and handling.
